7th October 2019

Dear parents

We are currently devising the new school dinner menu and would like to welcome any meal suggestions from children and parents. We are interested to find out if there any meals that the children have previously enjoyed at school and would like to see return to the menu or if there any meals your child enjoys at home and you would like to see it on our school menu.

If you have any suggestions you can either return the below to the school office or there will be forms available during the parents evening appointments, taking place next week.

Yours sincerely

Mrs Langhan
