

# Year 1 Topic Work for home learning

Week Commencing: 20 April 2020

<b>Science</b> To identify common appliances that run on electricity. Look around your house and find everything that runs on electricity. Choose one room and write about the appliances there and what they do.	<b>Physical Education &amp; Computing</b> You may choose to complete the Joe Wicks workouts every morning at 9am-9:30am or cosmic kids yoga.
<b>Art &amp; Computing</b> To draw the cat from Oi Cat! And frog from Oi Frog! Following the Jim Fields video. <a href="https://www.jimfield.me/draw">https://www.jimfield.me/draw</a>	<b>Cooking</b> Try and read a recipe to help your parents to cook dinner. Choose a simple recipe that your child can read and is simple to cook with them.
<b>Geography &amp; Computing</b> To locate a place in the world that you would like to go to on holiday and make a holiday brochure about it. Use google, books at home or your own experiences to help.	<b>PSHE</b> To keep a food diary of the healthy things that you eat. Do you eat your 5 a day?
<b>History &amp; Computing</b> Who was Christopher Columbus? What was he famous for? Where did he go? How did he get there?	<b>Creative</b> Design your own boat. Make sure you write down the different materials you're going to use and how you are going to put them together to make your boat. Then use objects around the house to create a boat that floats.

If you enjoyed following the drawing with Jim Fields check these out as well:
