20<sup>th</sup> February 2019

Dear Parents

## Science Week w/c 11 March 2019

Following on from last year's hugely successful event, we are very excited to be planning our second annual Science Week within school. This will take place during week commencing 11<sup>th</sup> March.

Many different activities are being organized for this week, based around the theme of 'Journeys'. The Science Council have been busy collecting ideas and have come up with a whole school mini investigation/topic for the week. The children will be put into mixed-aged groups and will look at the journey of a cocoa bean, from planting, to eating it.

Activities will take place each afternoon from 1.30pm and we would welcome volunteers to help with the activities. If you, or someone you know, are able to help, please could you fill in the form below and hand it into the office or alternatively email school with the day(s) you can help out. To help with organizing the events, please could you reply by Tuesday 5<sup>th</sup> March.

In addition, if you know anyone who works in transportation, distribution, with chocolate or importing/exporting and would like to offer their services to come to talk to the children please contact Mrs Duffy ASAP. Your help is always appreciated and welcomed.

We are looking forward to an exciting Science Week.

Kind regards  
Caroline Duffy
