

## Literacy - Week 8 and week 9 The Midnight Duel and Hallowe'en

The powerpoints contain all the work and instructions for the next two weeks, please follow them. Each powerpoint has a week's worth of literacy lessons.

In class I would read the novel with the children, discussing key points and emotions of characters as the story progresses. The children follow the words carefully whilst I am reading.

Don't expect the children to read both chapters as it is too much and they will tire. They can read some of it, you read a page or two and then they read some and do it like that, it is all still reading.

The only problem I can envisage is that as we all have different copies of the novels the page numbers I have given might not match your book. If this is the case then I apologise.

Enjoy the activities, any problems and you can contact me through [admin@northduffield.n-yorks.sch.uk](mailto:admin@northduffield.n-yorks.sch.uk)
